Core Tray Lid				1.2 kg	1070mm×385mm×10mm

We mainly provide Q series plastic core trays or called core boxes, which are made for the mining and exploration industry to store and transport core samples. Stackable trays are available in BQ, NQ, HQ and PQ sizes; other accessories like core tray lid, core block etc are also available.

Key Features:

- Environmental protection and durability
- Storage safety.
- Convenient records.
- Reasonable size.

Sizes: BQ, NQ, HQ, PQ, NTW, HTW
